

Goin' 'round

By Danny Schwarze
Recorded by The Northerly Gales

What's goin' 'round is comin' 'round again
What's goin' 'round is comin' 'round again
Whatever you put out there is coming right back in the end
What's goin' 'round is comin' 'round again

When you've been hurt you want to pay back in kind
When you've been hurt you want to pay back in kind
But when you take an eye for an eye you leave the whole world blind
When you've been hurt you want to pay back in kind

What's goin' 'round is comin' 'round again
What's goin' 'round is comin' 'round again
Whatever you put out there is coming right back in the end
What's goin' 'round is comin' 'round again

When you see a wrong, you gotta make it right
When you see a wrong, you gotta make it right
You can't stand by and watch, you must take up the fight
When you see a wrong, you gotta make it right

What's goin' 'round is comin' 'round again
What's goin' 'round is comin' 'round again
Whatever you put out there is coming right back in the end
What's goin' 'round is comin' 'round again
